R4,516

The Lenovo C24-40 Monitor is designed to power your work during the day and your playground at night. The 23.8-inch 3-side NearEdgeless VA panel readily engages you with rich onscreen content and its wide 178°/178° viewing angle lets you experience consistent imagery from any perspective. The FHD (1920 x 1080) resolution and 72% NTSC color gamut make the display pop. A highly responsive display with a 75Hz 1 refresh rate and 5ms response time, lets you experience the richness of smooth video content. Be on the edge of the action as the screen pulls off fast-moving scenes with amazing ease, thanks to AMD FreeSync™ technology² which removes stutters and tears. The monitor's TÜV Low Blue Light certified technology and Natural Low Blue Light technology shield your eyes by filtering out harmful blue light emissions. It does so while keeping the images true to their original colors without color distortion. You can complete your setup by connecting your monitor to your laptop/PC and speakers/headphones with the HDMI, VGA, and audio-out ports. Adjust your monitor for your optimal comfort and
