True Adaptive Noise Cancelling 2.0, real time calibration

The four microphones constantly analyze your surroundings, calibrating the ANC level in real time to block distractions. Or you can use the JBL Headphones App to adjust how much of the outside world to let in. Stay focused on your music, your work, or your peace of mind — wherever life takes you.

2-mic Perfect Calls 2.0 with AI-trained algorithm

Dual beamforming mics and intelligent noise cancellation cut through traffic, wind, and background hum. Every word comes through naturally clear, just like you’re both in the same room.

Slip on your JBL Live 680NC on-ear headphones and every moment of your day sounds better. Rich, captivating JBL Signature Sound and Hi-Res certified audio makes playlists, podcasts, and videos feel more engaging. Four-mic Adaptive Noise Cancelling 2.0 clears away distractions so you can focus, relax, or just enjoy the peace and quiet. The refreshed design feels as good as it sounds, with earcups shaped for comfort and acoustic precision, a sturdy metal hinge for lasting durability, and a clean, modern look that fits your style. Calls sound natural and clear thanks to the AI-trained algorithm, while the lightweight fit keeps you comfortable through long stretches of work, travel, or downtime. With simple app controls to customize your sound, earcup and button controls, a fully foldable design that packs up in seconds, and a battery that keeps up for days*, the Live 680NC is built to move seamlessly through your everyday world.
