LG TV Monitor with IPS technology delivers accurate colors at wide vertical and horizontal viewing angles. You can experience the same image projection in your standing or seated position.

Cinema Mode

Make Your Home Cinema

When you want to watch a movie in your own space, Cinema Mode's full visibility makes it possible to capture all the important moments, even in dark scenes.

webOS Smart TV

The Smart Way to Access Content

webOS TV monitor helps to explore a variety of TV shows and movies with a simple connection to your Wi-Fi network. Also, you can enjoy tailored video content based on viewing history with built-in streaming service apps.

*Internet connection and subscription to streaming services are required.

*Supported services may differ by region.

AirPlay + Screen Share + Bluetooth

Smart Wireless Connection

You can easily share your content from your smart device to your monitor by AirPlay (for Apple devices) or Screen Share (for Android devices). Also, you can enjoy rich sound by Bluetooth pairing.

*AirPlay : Mirroring and streaming available from iOS, iPadOS and macOS devices.

*Screen Share : Supported on Android or Windows 8.1 and above.

*Using Android devices, your device must be connected to the same Wi-Fi network as your TV Monitor.

2 x 5W Stereo Speakers

Immersive Experience

Enjoy your movies or games with realistic stereo sound. With the built-in stereo speakers, there is no need for extra speakers around your monitor.

Wall Mountable

Being Stylish & Convenient
