immersive.

New speed.

New standard.

You can enjoy ultra-clear and smooth images with a 180Hz refresh rate, which loads images 180 times in a second.

Incredible speed lets you dive into gaming

With a 1ms (GtG at Faster) response time, blurring and ghosting are dramatically reduced to make the in-game action smoother and gamer reaction more precise.

Experience true-to-life colour

This monitor supports a wide colour gamut, sRGB 99% (Typ.) and HDR10, reproducing high-fidelity colours for gamers to enjoy.

Gamer-centric design

The 3-side virtually borderless design enhances the immersive nature of your game, while its tilt-adjustable base helps you play it more comfortably. The streamlined and compact L stand takes up very little desk surface, allowing you to minimise clutter in your gaming environment.

Set up your gaming style

Gamers can use On-Screen Display and OnScreen Control* to easily adjust basic monitor options or register user shortcuts via the "User Defined Key".
