The CORSAIR HARPOON v2 is a right-handed gaming mouse designed for responsive control and comfortable long sessions. It offers flexible connectivity with wired USB-C, Bluetooth, and a 2.4 GHz Slipstream wireless receiver so users can switch between low-latency gaming, power-saving mobile use, and a stable wired connection. High-precision tracking and fast responsiveness support fluid cursor movement and quick on-the-fly sensitivity changes, while an ergonomic asymmetrical shape and textured side grips provide a secure, comfortable hold for extended use.
