can offload up to 10 minutes of 12K footage in under a minute,⁵ keeping your shoots moving on 2TB and 4TB models¹ and projected for 8TB.¹ Designed for real-time editing and multi-stream workflows that demand instant access.

Production-Ready Storage

Production doesn't always happen in perfect conditions. IP65 water and dust resistance paired with up to 3-meter drop protection means your drive is ready for outdoor shoots, packed gear bags, and nonstop travel.³

Small Drive. Serious Capability

Powerful storage shouldn't slow you down or weigh you down. This pocket-sized SSD slips easily into a pocket or small bag, so your drive is ready within reach. Less bulk, more mobility, same studio-grade performance.

Ready for AI-Driven Workflows

Modern production demands more than raw speed. With studio-grade performance for AI-enhanced editing, rendering, and production, this drive handles complex workflows with ease, from generative tools to accelerated post-production.

Reliability that Travels with You

256-bit AES hardware encryption helps keep sensitive files locked down with password protection,⁴ whether you're collaborating on set or en route from location to location.

- Move 10 minutes of 12K footage in under 60 seconds
- Keep files secure with 256-BIT AES encryption with password protection
- IP65 Rating to handle real-world conditions

Summary: SanDisk Extreme PRO Portable SSD (V3). SSD capacity: 4 TB. USB connector: USB Type-C. Read speed: 4000 MB/s, Write speed: 3800 MB/s. Password protection.
