The drive you need to capture cinema-quality video on your smartphone.

With the new SANDISK Phone SSD, cinema-quality video is now within reach, no matter where you are. Snap this MagSafe-compatible drive to your smartphone, connect via USB-C™, and shoot like a pro. Record 4K ProRes video at 60fps directly to the drive, transfer clips at up to 1000MB/s to your Mac or PC, and travel without worry thanks to IP65 water resistance, a dustproof enclosure, and up to 3-meter drop protection. Capture your best moments, whenever inspiration strikes, with this powerful and convenient SSD designed for your phone.

Direct-to-drive cinematic storage

Record 4K ProRes video – up to 60fps – straight to the SSD for uncompromising quality, seamless recording, and instant access to your files.

Magnetic attraction

MagSafe-compatible, the SANDISK Phone SSD attaches effortlessly to your phone for extra space while recording video, then easily detaches and seamlessly connects to your other USB-C™ devices.

Speed that fuels creativity

Experience up to 1000MB/s read performance for seamless transfers and smooth edits, so your ideas keep flowing without interruption wherever inspiration strikes.

Built for wherever inspiration takes you

With up to 3-meter drop protection and IP65 water and dust resistance, your drive is tough enough to keep up with every creative adventure.
