SanDisk Ultra Eco 128GB (SDCZ96-128G-G46)

With the Planet in Mind

Designed with our planet in mind, the SanDisk Ultra Eco™ flash drive is made with over 70% recycled plastic, such as disposable water bottles. This saves over 50% CO2 emissions, fresh water, and energy during the manufacturing process.² And, with capacities up to 512GB¹ and time-saving transfer speeds up to 100MB/s³, you can quickly store more of what matters most.

Designed with the Planet in Mind

Made with over 70% recycled plastic (like disposable water bottles) this drive saves over 50% CO2 emissions, fresh water, and energy during the manufacturing process.²

Less Waiting, More Doing

Experience USB 3.2 Gen 1 performance with read speeds up to 100MB/s³ to transfer large files quickly and reliably.

Room for What Matters

With capacities up to 512GB¹, you can store more of your critical files and important photos, videos, and more.

Keep Your Files Private

Transfer and store your content anywhere, anytime – no monthly fees or internet access required.

Easy File Recovery

This drive includes an offer for RescuePRO® Deluxe data recovery software which can help recover images that have been accidentally deleted (download required).⁴

Your Content, On the Go

Attach the drive to your keychain with the built-in keyring loop to easily access your content on the go.
