Product Code: 1184737

R20,948

An Elevated Experience

HDRi is your best defense against the dark. A built-in sensor detects ambient light levels and simultaneously assesses and adjusts on-screen images. Customized color performance, detail contrast, and image clarity deliver mind-blowing display. Enjoy an unmatched visual experience that draws you into your favorite movies and games.

Intelligent Control

A nearly invisible sensor evaluates ambient light and on-screen content. Then it adjusts display brightness for your ideal viewing experience.

Stunning Clarity

Proprietary HDRi improves image contrast and clarity for greater detail. Dark corners reveal what they’re hiding and bright areas are not overexposed.

Vivid Colors

HDRi takes color to the next level of accuracy and intensity. Refined color saturation and elevated image balance ensure a stellar color experience.

That's Entertainment

BenQ entertainment monitors are designed around complete immersion. HDRi tech and 2.1 channel integrated sound produce cinematic picture quality and superior audio delivery. EW2780U draws you into the action for your best streaming, gaming, or viewing experience yet.

Complete Immersion

EW2780U is built to entertain. Clear images and amazing color combine with crisp audio for ultimate realism. Combine that with its 24P cinematic frame rate, and you’ll experience movies and games on a new level.

Obsessed with Sound

EW2780U turns an ear toward auditory innovation. 2.1 channel sound and Digital Signal Processor (DSP) delivers a customizable audio experience.

treVolo True Sound

Premium sound adds new dimension and depth. Dual speakers are supported by a subwoofer for an unmatched audio experience. The DSP chip lets you select the appropriate audio mode for your content. EW2780U. Hearing is believing.

Your Entertainment. Your Way.

You determine when, where, and how you binge watch or game. Adjust settings with ease—even from across the room.

Your Eyes, We Care

BenQ's industry-leading eye-care technologies reduce eye fatigue while ensuring greater user comfort. We’re protecting your eyes every time you use a monitor with eye-care™ technology. Because it matters.
