Logitech Zone Vibe Pro for Business is a professional headset designed for hybrid work, conference calls, and focused listening. It combines comfortable over-ear design with adaptive active noise canceling to help reduce background distractions, while a dedicated Teams button and clear voice capture keep communication smooth and reliable. The headset supports both wireless Bluetooth and wired USB-C connections, enabling flexible use between mobile devices, computers, and meeting rooms.

A long-lasting, replaceable battery and fast 5-minute quick charge option help maintain productivity during busy days, and smart pairing with Microsoft Swift Pair and Google Fast Pair makes setup simple. Certified for major conferencing platforms, the headset delivers consistent performance for professional collaboration and everyday media listening.
