

HEADSET AIRPODS 5/MKFW4 APPLE

Model: MKFW4ZM/A

Manufacturer: APPLE

EAN: 195951379036

Product Code: 1185513

R3,927

Discover the magic of Active Noise Cancellation.

Take a closer look.

All-day comfort and fit in an open-ear design.

Redesigned from the inside for an improved listening experience.

Dual beamforming microphones for clear calls and studio-quality audio recordings.

IP57 rating for improved dust, sweat, and water resistance.

Active Noise Cancellation

Exceptional noise cancellation for all.

Noise out. Magic in.

Powered by advanced computational audio and the redesigned acoustic architecture, it's up to 1.5x better at blocking noise than the previous generation — making it the industry's best Active Noise

Cancellation in an open-ear design.

Transparency

Lets you hear the world around you more naturally than ever before, so you can stay aware of your surroundings.

Adaptive Audio

Blends Transparency and Active Noise Cancellation in real time, seamlessly tailoring noise control to your changing environment as you go about your day.

Conversation Awareness

Senses when you're speaking to someone nearby and automatically lowers the volume of what's playing, bringing it right back as soon as you're done.

Audio performance

A sound improvement.

Better sound all the way around.

AirPods 5 feature even better sound quality with Personalized Spatial Audio with dynamic head tracking thanks to a redesigned acoustic architecture and next-generation Adaptive EQ.

Redesigned multiport acoustic architecture brings greater depth, clarity, and detail to your listening experience.

Next-generation Adaptive EQ tunes sound to the shape of your ears across a wider range of frequencies, delivering more immersive and accurate sound.

Personalized Spatial Audio with dynamic head tracking places sound all around you, creating a three-dimensional listening experience for music, movies, and games.

Voice Isolation clarifies the sound of your voice by using advanced computational audio to minimize background noise during calls — even in loud or windy conditions. And with studio-quality audio recording, you can make high-fidelity voice recordings at home or on the go.

Seamless experience

Every little thing they do is magic.

An instant connection.

AirPods 5 pair with every device connected to your Apple Account. Just place AirPods near your iPhone or iPad and tap Connect.

New Siri AI. Get more done every day with hands-free access to an even more powerful and personalized AI assistant on your iPhone. Ask open-ended questions, brainstorm, and have full conversations.

Live Translation. Communicate with people in different languages. AirPods translate the language the person is speaking into your preferred language.

Listen together. Easily share a song or show between any two sets of AirPods. Simply bring your AirPods near the iPhone, iPad, or Apple TV you're listening to and connect instantly.

A great sense of detection. Enjoy a seamless listening experience across iPhone, Apple Watch, Apple Vision Pro, iPad, Mac, and Apple TV. So if you're playing music on your Mac, you'll be able to answer a call on your iPhone — without having to switch devices. Your AirPods 5 sense when you take them out of your ears and will pause playback.

Find My finds more. Track down your AirPods 5 with the Find My app. See how close they are and get separation alerts if they're out of Bluetooth range. And for AirPods 5 with Wireless Charging Case, you can have the case play a sound so you can locate it.

Charging

Power for hours

A charge that lasts. And lasts.

Listen for hours with AirPods 5. And AirPods 5 with Wireless Charging Case add up to an extra hour of battery life on a single charge.
