Ready to Play

The GIGABYTE Gaming Laptop brings brand-new gaming elements of future trends, combined with next-generation powerful performance. GIGABYTE Gaming Laptop is equipped with up to Intel® Core™ i7 processor, NVIDIA® GeForce RTX™ 40 Series Laptop GPUs, and a 165Hz high refresh rate display. With a tool for every task, this laptop is your trusty sidekick as you weave through different roles, supporting all of your daily battles.

The new stylish design indicates the powerful strength of the GIGABYTE Gaming Laptop. The Mecha pattern touchpad gives off the distinct and trendy atmosphere of gaming, perfectly combining performance and design.

Mesmerizing Design

The thin-bezel design enables the GIGABYTE G6 Gaming Laptop to be easy to handle, with maximum screen real estate, all without compromising its high performance. You can enjoy playing games when going out, completing more tasks at the same time.

Maximize Your Potential

The G6 gaming laptop is equipped with a large and precise touchpad, which enhances flexibility and accuracy, operating smoothly while multitasking.

GeForce RTX 40 Series Laptops

Beyond Fast for Gamers and Creators

NVIDIA® GeForce RTX™ 40 Series Laptop GPUs power the world's fastest laptops for gamers and creators. Built with the ultra-efficient NVIDIA Ada Lovelace architecture, they bring a quantum leap in performance with AI-powered DLSS 3 and enable lifelike virtual worlds with full ray tracing. Plus, the Max-Q suite of technologies optimizes system performance, power, battery life, and acoustics for peak efficiency.

AI-Powered Performance and Lifelike Graphics

Get a quantum leap in performance in games and creative apps with AI-powered DLSS 3 and enable lifelike virtual worlds with full ray tracing.

Accelerate Your Ideas

NVIDIA Studio takes your creative projects to the next level. Unlock RTX and AI acceleration in top creative apps, NVIDIA Studio drivers for max stability, and a suite of exclusive tools to fast-track your creativity.

Optimized Power and Performance

NVIDIA Max-Q is an advanced suite of AI-powered technologies that optimize your system for peak efficiency. This enables blazing-fast laptops that are thin, quiet, and have amazing battery life.

The Intel Core™ Processor

The G6 gaming laptop is equipped with the Intel® Core™ i7 / i5 processor. Users can stream, record gameplay, and run multiple applications without compromise. The G6 offers fast multimedia processing and the smoothest gaming experience.

Excellent Competency

With the exclusive WINDFORCE cooling technology, it can remain the comfortability of your operation even during high-load game playing or under multimedia processing, not only does it help the G6 achieve 100% CPU and GPU outputs but also remains quiet and stable at the same time.

Smooth and Impeccable

The 165Hz high refresh rate display eliminates motion blur and leaves a perfectly smooth image experience. A clear sight of the enemy is the key to victory!

Defeat All Foes with Ultra-Low-Latency Supports Wi-Fi 6E

Wi-Fi 6E greatly reduces the latency caused by crowded connections, you are granted a real-time gaming experience without a millisecond of lag, allowing you to be the last one standing.

DTS: X™ Ultra Immerse Yourself in

G6 gaming laptop supports surround sound innovation that provides outstanding sound experience and performance. From gaming, seeing movies to conference calls, the DTS: X™ Ultra brings true 3D surround effect and the voice communication is clearer than ever with Two-Way AI Noise Cancellation that removes noise from incoming and outgoing audio.

Dance with Your Fingertips

The G6 gaming laptop keyboard comes with 15 preset backlit colors⁵, giving you the ability to express your own unique style.

Create Possibilities with Expansions

A comprehensive set of ports allows you to connect any peripherals of your choice without any compromises. The I/O ports for thick cables are designed on the back of the laptop. You can have the most spacious desktop instead of being bothered by so many cables when multitasking or gaming.
