

Techly Amplifier HDMI Cat 5e / 6 Compact 30m IDATA EXT-E30D

Model: 301153

Manufacturer: TECHLY

EAN: 8057685301153

Product Code: 1187019

R1,433

This HDMI extender over CAT5e/6 uses two UTP cables with inner liner pairs to extend the signal to a HDTV display. Not only overcomes the limitation of the HDMI cable transmission length, but, thanks to the use of CAT5e/6 cable, you have more flexibility and convenience in construction.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
