IP68 Waterproof Rating,

Adventure-Ready

Transition from water ventures to rugged terrains with OpenSwim Pro's IP68 waterproof rating. Integrated technology and a triple-sealed design ensures worry-free water resistance. The microphones’ breathable membrane, along with the innovative layered design safeguard against sweat and splashes. Confidently take on depths of up to 2 metres for 2 hours, thanks to enhanced durability — keeping you prepared for every adventure.

One Device, Dual Functionality,

Limitless Possibilities

OpenSwim Pro brings you the best of both worlds with dual functionality – Bluetooth and MP3 modes seamlessly packed into one device. Effortlessly switch between the two with intuitive buttons or through the user-friendly Shokz App.

Music Anywhere,

Anytime with MP3

Optimised for outdoor activities, MP3 mode provides seamless built-in music playback. Ditch your phone and effortlessly switch to MP3 mode by long-pressing both keys to enjoy your curated playlists while swimming, trail running, or hiking with fluctuating signals.

Seamless Bluetooth Syncing

Experience enhanced versatility with OpenSwim Pro's Bluetooth mode, expanding your listening options and playlists. Enjoy uninterrupted music with seamless and reliable connectivity during multiple workouts.

Open Ears,

Safety First

Boost your workouts with enhanced safety thanks to our signature open-ear design. Easily perceive potential hazards during outdoor activities, whether hiking in the mountains or extended swimming sessions. With open ear headphones OpenSwim Pro, you stay engaged and connected.

Extended Comfort, Endless Listening

Designed for comfort, our open-ear design ensures a non-intrusive fit, preventing discomfort during extended wear and maintaining a cleaner ear canal. Additionally, the lightweight build and soft texture guarantee easy listening that’s comfortable and effortless.

Seamless Integration

OpenSwim Pro offers optimised, flexible ear hooks with a slim design for a comfortable, pinch-free fit. It seamlessly integrates with swim goggles, swim caps, helmets, and other sports gear, striking the perfect balance between proficiency and comfort.

Vivid Sound, Versatile Listening

Enjoy clear sound, powerful volume, and rich bass with PremiumPitch™ 2.0+ bone conduction technology. Switch seamlessly between sound modes for music playback, calls, and swimming, ensuring great audio wherever you go.

Noise-Free Conversing

Dual noise reduction technologies, ENC, and DNS, intelligently adapt to your environment, identifying specific audio characteristics and eliminating ambient noise and echoes. Enjoy crystal-clear calls that feel like an in-person conversation.
