AEROFIT™ COOLING GEL-INFUSED COMFORT

Experience premium comfort with Turtle Beach exclusive AeroFit™ cooling gel-infused ear cushions. The re-shaped ear cushions feature plush memory foam infused with a layer of AeroFit™ cooling gel to keep you cool and comfortable while playing.

THE 3D AUDIO ADVANTAGE

Bring your games, movies, and music to life with 3D Audio, Sony's most advanced 3D audio solution specifically optimized for headsets. 3D Audio offers enhanced spatial surround sound from hundreds of precisely unique directions, taking your gaming audio to the next level.

HIGH-PERFORMANCE NANOCLEAR™ SPEAKERS

Refined internal acoustics house amplified Turtle Beach® exclusive, 50mm Nanoclear™ speakers to produce realistic sound imaging bringing your games to life and ensuring you'll hear every important detail.

GEN 2 FLIP-TO-MUTE MIC

Turtle Beach upgrades voice chat once again with a larger, high-sensitivity, high performance microphone. The Gen 2 mic enhances chat clarity and seamlessly conceals into the headset design when flipped up to mute.

METAL-REINFORCED HEADBAND CONSTRUCTION

The Stealth™ 700 Gen 2 MAX features an all-new metal-reinforced headband and re-designed hinge structure that's more durable than ever. Rugged, yet lightweight, enjoy peace of mind that your headset is built to last.

APP-BASED AUDIO CUSTOMIZATION

Easily adjust your audio settings and program the mappable dial & button on the headset using the Turtle Beach Audio Hub app for your Bluetooth® connected mobile device (iOS/Android®). Tune

your audio settings right on your mobile device to provide a custom, immersive audio experience set for any game you're playing.

GLASSES FRIENDLY

Turtle Beach's exclusive, patented ProSpecs™ glasses relief system features dual-foam ear cushions, with softer foam in the section of the ear cushions that rests against your glasses, alleviating pressure and allowing gamers with glasses to play in comfort.

SUPERHUMAN HEARING® SOUND SETTING

Turtle Beach® exclusive Superhuman Hearing® sound setting lets you hear subtle, game-changing sounds so you can live longer and win more. Hear vital game details like enemy footsteps and weapon reloads to elevate your game above the rest.

VARIABLE MIC MONITORING

Avoid shouting thanks to variable mic monitoring which allows you to hear and adjust your voice through the headset while you chat.

EASY ACCESS TO AUDIO PRESETS

Avoid shouting thanks to built-in mic monitoring which allows you to hear your voice through the headset while you chat. Plus, when you flip to USB mode you can even adjust mic monitoring volume levels to dial it in just right.

USB-C CHARGING

Included USB-C cable provides fast charging, and easy firmware updates via Windows PC or Mac®.

MAXIMUM GAME TIME

Incredible, 40+ battery lets you play for weeks on end without ever thinking of charging the battery. Plus, with quick-charging you can get 8 hours of battery life in just 15 minutes of charge using the
