

HPE 64GB 1x64GB Dual Rank x4 DDR5- 6400 CAS-52-52- 52 EC8 Registered Smart FIO Memory Kit

Model: P64986-F21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017843148

Product Code: 1187418

R661,005

Upgrade your system's performance with the HPE SmartMemory 64 GB DRAM memory module. Designed for high-demand applications, this memory module supports DDR5 SDRAM technology, offering a data transfer rate of 6400 MT/s. The registered DIMM 288-pin form factor ensures compatibility with a range of servers. Its ECC (Error-Correcting Code) capability provides enhanced data integrity, making it suitable for critical computing tasks.

With a supply voltage of 1.1 V and a CAS Latency of CL52, this dual rank memory module is engineered for efficiency without compromising speed. Whether enhancing existing setups or building new systems, this memory module delivers reliability and performance tailored for various
