R9,741

The OPPO Pad 5 features a 12.1-inch display with a native resolution of 2800 x 1980, providing a clear viewing experience. With a pixel density of 284 PPI and a brightness of 900 cd/m², images and text appear sharp. This tablet is designed for motion with a 120 Hz refresh rate, making it suitable for gaming and watching videos. The symmetrical quad speakers enhance the audio experience, delivering sound that complements the high-quality visuals.

Powered by a robust 10050 mAh battery, the OPPO Pad 5 ensures hours of uninterrupted usage, whether for productivity or entertainment. The device is equipped with 8 GB of LPDDR5X SDRAM, allowing for seamless multitasking. Additionally, the tablet features both rear and front cameras, catering to various photography and video calling needs. With TUV Rheinland Intelligent Eye Care 4.0 Certification, users can enjoy extended use with reduced eye strain.
