## **100Hz Refresh Rate**

### **Fluid visuals.**

### **Seamless flow.**

A fast 100Hz provides a smooth frame loading in various programs. Also, you can enjoy realistic gameplay with less screen stuttering and motion blur.

\*Images have been simulated to enhance feature understanding, and may differ from actual use experience.

\*The refresh rate feature may vary depending on the user's PC conditions.

## **1ms MBR**

### **Fast-paced speed to victory**

1ms Motion Blur Reduction\* makes smooth gameplay, reducing blur and ghosting. Dynamic and fast-paced objects amidst all the action can give gamers a competitive edge.

\*Images have been simulated to enhance feature understanding, and may differ from actual use experience.

\*1ms Motion Blur Reduction causes lowered luminance, and the following features cannot be used while it is activated : Adaptive sync / DAS (Dynamic Action Sync)

\*Flicker may occur during 1ms MBR operation.

## **sRGB 99% (Typ.) and HDR 10**

### **Feel actual combat with vivid color**

Our monitor supports HDR 10 and offers 99% sRGB (Typ.) coverage, providing a wide color spectrum that enables high-fidelity color representation for an immersive gaming experience. The vivid color expression also makes it ideal for creative work, productivity tasks, and casual entertainment alike.

## **LG Switch app**

### **Switch swiftly**

LG Switch app helps to optimize the monitor to your work and life. You can readily divide the whole display up to 6, change the theme design, or even launch a video call platform with a mapped hotkey.

\*Images have been simulated to enhance feature understanding, and may differ from actual use experience.

\*To download the latest version of the LG Switch app, visit [LG.com](https://www.lg.com).

## Dynamic Action Sync

Reducing input lag with Dynamic Action Sync, gamers can catch critical moments in real time and respond quickly.

## Black Stabilizer

Black Stabilizer helps gamers detect snipers lurking in the darkest corners and swiftly navigate flash explosions.

## Reader Mode

Reader Mode adjusts color temperature and luminance, supporting a suitable viewing experience for reading on a monitor.

## Flicker Safe

Flicker Safe reduces invisible flickering on the screen, providing a comfortable view.

\*Images have been simulated to enhance feature understanding, and may differ from actual use experience.

\*Above feature may vary depending on real use conditions that the user is using.

## Ergonomic design

The L-shaped stand with a square base enhances space efficiency and keeps the workspace organized. Its stable design improves visual focus and supports a -5° to 20° tilt, helping you adjust the screen for better comfort and viewing alignment.
