23.6-inch immersive curvature

The 23.6-inch Full HD (1920 X 1080) panel of TUF Gaming VG24VQE delivers stunning visuals from all angles with an 1500R curvature that provides user with immersive and captivating gaming experience. This contributes to greater viewing comfort — even during extended use —and lets you enjoy a wide viewing angle with less distortion and color shift when gaming and watching movies.

165Hz Refresh Rate

TUF Gaming VG24VQE has a super-fast 165 Hz refresh rate, ensuring that even fast-paced games played at the highest visual settings look buttery smooth and completely lag-free. Get the upper hand in first-person-shooters, racing, real-time strategy and sports titles.

EXTREME LOW MOTION BLUR

The latest ASUS-exclusive Extreme Low Motion Blur technology, which achieves 1ms MPRT to eliminate smearing and motion blur, and makes objects in motion look sharper, so gameplay is more fluid and responsive.

Shadow Boost

ASUS Shadow Boost technology clarifies dark areas of the game without overexposing brighter areas, improving overall viewing while also making it easier to spot enemies hidden in dark areas of the map.

RICH CONNECTIVITY

Extensive connectivity options, including, DisplayPort1.2, HDMI (v1.4)x2, Earphone Jack support a wide array of multimedia devices.
