

Kensington KB435 EQ Rechargeable Multi-Device Compact Keyboard

Model: K75409WW

Manufacturer: LEITZ ACCO BRANDS

EAN: 5028252659994

Product Code: 1189777

R1,367

Ideal for professionals seeking peak productivity while working remotely, the KB435 EQ Rechargeable Multi-Device Compact Keyboard features quiet and responsive scissor-switch keys for a premium typing experience. It supports seamless wireless switching between four devices via 3 x Bluetooth® 5.4 connections and 1 x 2.4GHz USB-A receiver. Customise workflows with 15 programmable keys, a Copilot AI key* and Function Lock. The rechargeable 500mAh battery lasts up to 4 months.** LED indicators for Caps Lock and battery life keep you informed. The plastic used in the outer case of this keyboard is made with 39% post-consumer recycled (PCR) content and is shipped in FSC® certified packaging. Windows, macOS and ChromeOS compatible. Supported by optional Kensington Konnect™ software for customisation features. Includes a 3-year limited warranty.

* Windows only.
