Colmi V69 smartwatch (silver)

Looking for a functional and convenient smartwatch? Choose the Colmi V69! The large 1.85″ display allows you to operate it comfortably, and the IP68 water resistance will allow you to use it without worry even in adverse conditions. You'll also get a lot of useful features, such as sports modes, sleep monitoring, heart rate measurement, Bluetooth phone calls and remote control of your smartphone's music player.

1.85-inch HD display

The watch is equipped with a large 1.85-inch screen, so you can comfortably use its functions and read notifications. Do you care about being able to customize its appearance to your preferences? No problem - you can choose from more than 400 dial designs. There's also a new option where you can upload your favorite photos to the smartwatch, so you can see a different image every time you wake up the screen.

Improved design

The smartwatch features a stylish, minimalist design, and thanks to its metal casing, it is very durable. It is also distinguished by its IP68 water resistance, which means that it is unafraid of raindrops, sweat or accidental splashes. So you don't have to take it off your wrist when it's raining, training or washing your hands!

High-capacity battery

Don't worry that the smartwatch will drain too quickly. The V69 is equipped with a powerful battery with a capacity of as much as 710 mAh. Thanks to this, its working time is up to 10 days with normal daily use, or up to 3 days if you use Bluetooth connections.

Many useful features

The V69 smartwatch offers even more useful functions. For example, you can use it to check the weather or locate a lost phone. The watch also allows you to remotely control your smartphone's camera and music player. The device will also remind you to move when you sit in one place for too long.

Something for health

With the Colmi V69 watch, you can also take better care of your health. The smartwatch allows you to measure your heart rate and SpO2, and will also work well as a menstrual calendar. A sleep monitoring function is also available. All this will allow you to get to know your body better and react quickly to any worrying symptoms!

Don't lose touch

With Colmi you will not miss anything important. The smartwatch will instantly inform you of incoming messages and notifications - don't worry about missing something. You can also use it to answer a phone call at any time. Forget about having to reach for your smartphone!

Even more effective training

Do you often train? Or do you just want to start an active lifestyle? The Colmi V69 smartwatch will help you with this! The device allows you to choose from more than 100 sports modes, such as running, cycling, basketball or free training. It also counts steps, calories burned, distances traveled and more. So you can easily monitor your progress and set your next goals to achieve!
