HOTWAV Hyper 8 Pro smartphone (gray)

The HOTWAV Hyper 8 Pro is a rugged 5G smartphone designed for those who refuse to compromise. It combines the power of artificial intelligence, a solid design, and unparalleled 125 dB audio performance that sets it apart from any other device. At the heart of the phone is the advanced MediaTek Dimensity 7050 processor, which, combined with an impressive 32 GB of RAM (12 GB RAM + 20 GB expansion) and a massive 512 GB of storage space for your data, guarantees lightning-fast performance and smoothness you can rely on. Cinema-quality images are provided by a 6.78" FHD+ display with a 120 Hz refresh rate, and thanks to the gigantic 12,000 mAh battery capacity with 55 W fast charging, you gain complete independence and energy for many days of intense work or adventures in the field.

Hi Hoti and Gemini 2.5 Flash artificial intelligence

HOTWAV Hyper 8 Pro is your personal artificial intelligence center that makes everyday challenges surprisingly easy. With the proprietary Hi Hoti package, you get an intelligent partner – from the advanced GPT-5 model that will dispel your most difficult doubts, to the DeepSeek tool that will do the writing and searching for you. Let your imagination run wild by turning words into unique images and music, or let AI instantly analyze extensive documents for you and help you learn. With a choice of AI assistants with different personalities, every interaction with the device becomes more natural and tailored to your style, and the integrated Google Gemini 2.5 Flash model provides you with professional support in real time.

Creative photo editing with HT PhotoX

HT PhotoX technology opens up the world of professional photo editing, available at your fingertips thanks to the power of AI. Easily remove unwanted elements from the frame in just a few seconds, or use creative retouching to give your photos a unique character. When you run out of perspective, the intelligent OutPainting feature will seamlessly extend the background of your photos, and quick editing tools will allow you to instantly refine the details and share your finished work on social media. HT PhotoX also ensures that your portraits look perfect, offering precise removal of imperfections, improved sharpness, and enhanced color depth, making every shot flawless.

Uncompromising sound in all conditions

Equipped with a professional 32 mm driver and NdFeB neodymium magnets, the HOTWAV Hyper 8 Pro delivers clear and powerful sound at 125 dB. A special one-piece PET membrane protects the speaker from water and damage, ensuring reliability where other phones fail. Whether you need a loud alarm in the mountains or the perfect soundtrack for your trip, this model will deliver top-notch sound.

A new perspective on the world

Enjoy the highest image quality in all circumstances. With the 108 MP camera, you can capture everyday moments in unprecedented detail, and the intelligent night vision camera lets you document your nighttime discoveries where other phones see only darkness. Hyper 8 Pro also guarantees a great look during online meetings and in handheld photos – the 32 MP front camera ensures natural colors and crystal-clear clarity in every shot. This device is designed for those who

want to share their experiences in the highest standard.

Unlimited energy

Gain confidence where other phones fail. With a 12,000 mAh battery, you gain real independence – the device offers up to 25 days of standby time, making it the perfect choice for multi-day camping trips and demanding mountain hikes without access to electricity. Even intensive use of multimedia and advanced artificial intelligence tools is no challenge for such a high-capacity battery. In addition, with support for 55W fast charging, a short break is all it takes for your smartphone to regain full capacity and be ready for another few hours of intensive use.

A reliable companion for every trip

Feel complete freedom while exploring unknown trails thanks to a design that knows no compromise. The highest IP68 and IP69K waterproofing standards ensure that water, dust, or mud are no obstacle for your phone. The durable casing, made from a combination of tough TPU, polycarbonate, and metal reinforcements, effectively protects the device from the effects of drops and shocks. Whether you're conquering peaks or relaxing in a tent, the Hyper 8 Pro combines incredible energy, powerful sound, and durability you can rely on in all conditions.

Flawless image sharpness

The large 6.78-inch screen ensures comfortable use and excellent readability. FHD+ resolution delivers crystal-clear images, ideal for photo editing and high-quality video viewing. With a 120Hz refresh rate, every animation and content scroll is exceptionally smooth. The whole thing is protected by Corning Glass, which effectively protects the display from scratches and the effects of everyday use.

Fast connections and full functionality

Enter the world of instant communication with 5G technology, which guarantees smooth video streaming in the highest quality and flawless online services. With Wi-Fi 6 support, you get connection stability even on the busiest networks, making remote work or entertainment completely hassle-free. In addition, the NFC module allows you to make convenient contactless payments, while

the modern Bluetooth 5.2 standard and Dual SIM function provide the flexibility you need to efficiently combine your private and professional life.

LED camping flashlight

The built-in camping lamp, consisting of 510 LEDs, turns your smartphone into a reliable outdoor tool that will easily light up any night. Generating a powerful light beam with a brightness of up to 280 lumens, the device easily replaces traditional camp lighting, ensuring comfort during camping trips or night hikes.
