HOTWAV A17 Pro Max Smartphone (Orange)

Model: A17 Pro Max Orange

Manufacturer: HOTWAV

EAN: 6971593175083

Product Code: 1190066

R3,861

HOTWAV A17 Pro Max Smartphone (Orange)

The HOTWAV A17 Pro Max is a smartphone designed for people who expect more fluidity, intelligence, and freedom in their daily lives. The large, incredibly smooth 120 Hz display delivers stunning visuals, while the slim and lightweight design ensures the phone fits perfectly in your hand. Advanced Gemini AI simplifies daily tasks, inspires creativity, and supports you in every situation, while the powerful processor and Android 15 ensure a smooth user experience. The whole package is complemented by an elegant metal body, robust cameras, precise security features, and a high-capacity battery that will easily keep up with you from morning until late at night.

Intelligence that keeps up with you

The HOTWAV A17 Pro Max takes artificial intelligence to a whole new level. The Gemini 2.5 Flash model used here is one of Google’s most advanced AI systems, designed to perfectly combine speed, high performance, and intelligent reasoning. It’s the first Google model with advanced “thinking” capabilities that can answer complex questions, analyze photos, generate images based on descriptions, and support creative brainstorming with the Gemini Live feature. Integration with Google apps, such as YouTube and Maps, makes everyday phone use more intuitive.

Smoothness visible with every touch of the screen

The display on the HOTWAV A17 Pro Max was designed with maximum image smoothness in mind. The 120 Hz Seamless Motion Display technology ensures that every scroll, swipe, and animation moves across the screen with ease, creating an effect of an almost “gliding” image. The high refresh rate transforms everyday smartphone use into a visual symphony of smooth transitions and crystal-clear clarity, which will be particularly appreciated by gamers, multimedia enthusiasts, and frequent video streamers.

Large screen, cinematic experience, and vivid graphics

The smartphone features a large 6.75-inch HD+ display with a 20:9 aspect ratio, offering a wide, cinematic space for watching movies, browsing content, and gaming. With a screen-to-body ratio of 90%, the bezels are nearly invisible, and the ultra-slim design further enhances the experience. What’s more, a brightness level of 420 nits ensures excellent readability in various conditions.

Lightweight and elegant in your hand

The HOTWAV A17 Pro Max redefines the concept of a slim smartphone. Weighing just 225 grams and only 8.5 mm thick, it fits perfectly in your hand and remains comfortable even during extended use. The smartphone’s rear casing is made of an aluminum-titanium alloy, ensuring both an aesthetic and durable design. Every curve and detail of the casing has been designed to combine precise engineering with minimalist beauty, giving the phone a modern and elegant look.

A high-capacity battery for all-day use

The HOTWAV A17 Pro Max’s long and reliable performance is powered by a 5160 mAh battery, designed for intensive use. It allows you to stream, talk, navigate, and play games all day long without constantly reaching for a charger. The smartphone offers up to 400 hours of standby time, up to 22 hours of talk time, and up to 33 hours of music playback, making it a great choice for those who value mobility and independence from power outlets.

Smooth, intuitive system

The HOTWAV A17 Pro Max runs on Android 15 and is equipped with a powerful ASR8662 octa-core processor, ensuring smooth app performance and stable system operation. The smartphone supports 1080p video recording, features 13 MP and 5 MP cameras, and includes Bluetooth 5.4 connectivity. Security and user convenience are ensured by a side-mounted fingerprint reader and Face Unlock. Additionally, support for GPS, Galileo, Glonass, and Beidou satellite navigation systems guarantees precise positioning in any situation.

Included

- smartphone
- data cable
- 10W charger
- colored screen protector
- user manual

Manufacturer	Hotwav
Model	A17 Pro Max
Color	Orange
Chipset	ARS8662
CPU	Cortex-A55*6 (1.5 GHz) + Cortex-A76*2 (1.7 GHz)
GPU	IMG PowerVR GE8320
Operating system	Android 15.0
