Jabra Link™ 180 provides a smooth and cost-effective migration path from traditional telephony to Unified Communications. If you already have a deployment of headsets, there is no need to buy new ones. The switch enables you to answer calls from deskphones and softphone clients using the same Jabra QD (Quick Disconnect) headset. Jabra Link™ 180 is compatible with any corded Jabra QD headset and all leading brands of softphones.

Manual switch for deskphones and softphones
