clarity to multimedia content. For added convenience, cross-platform compatibility works with operating systems such as Windows 10, Linux, Chrome, and Android. Built-in connectivity options include DisplayPort, HDMI, and VGA ports along with a VESA compatible mount design, offering additional convenience for use as a wall-mount display. With serial port RS232 and HDMI CEC, the TD2760 can directly control connected devices. Even more, the ergonomic stand makes it easy for the user to tilt, raise, and lay the monitor flat for the most natural position, and create a comfortable working environment. Lastly, low power consumption with ENERGY STAR certification saves energy costs while reducing carbon emissions.

10-POINT MULTI-TOUCH

With 10-point multi-touch capabilities, multiple users can simultaneously write or draw on the display's surface using styluses or their fingers – or both at the same time.

SUPERCLEAR ® MVA PANEL TECHNOLOGY

Enjoy accurate and vivid colors with consistent levels of brightness no matter the vantage point. With SuperClear MVA panel technology, this monitor delivers the same image quality whether you are looking at the screen from above, below, the front, or the side.

ERGONOMIC DUAL-HINGE DESIGN

A dual-hinge stand allows the screen to be tilted and adjusted, or rest flat on a desk or table. This sturdy ergonomic design maximizes comfort and productivity, and makes this touch display well suited to a variety of touch scenarios in the home, school or office.

VERSATILE CONNECTIVITY

DisplayPort, HDMI, and VGA inputs give you the freedom to connect your display to a variety of devices.

CONTROL MULTIPLE DEVICES

RS232 offers local control for set-top boxes and other RS232 connected devices, directly with the display’s remote controller. HDMI CEC functionality offers local control of DVD players, sound
