additional software. It integrates a digital whiteboard application to present, annotate and share your files via email or save them to cloud drives. It also supports wireless presentation to mirror photos, video, files directly from mobile devices or notebooks. With IFP-7502 interactive display, you can enjoy a clean and organised meeting room without cable clutters.

4K RESOLUTION WITH IPS TECHNOLOGY

Meetboard IFP-7502 delivers visual content to be compelling and sharp on the 4K UHD resolution with IPS panel technology and ensures that colour is consistent and accurate from 178-degree wide viewing angles.

20-POINT MULTI-TOUCH & DUAL PENS

Multiple participants, using fingers or included styluses, can simultaneously draw and annotate on the 20-point touch-enabled screen, making mind-mapping and brainstorming as intuitive as using a whiteboard.

ANDROID OS PLATFORM

Android OS, the most widely-used OS around the globe, provides a steady and intelligent open-source platform that gives you a robust user experience and flexible third-party installation options.

INTUITIVE USER INTERFACE & USEFUL APPS

Simplified and aesthetic Android UI design makes Meetboard more user-friendly and intuitive. Meetboard offers useful applications you needed most for productive meetings, such as browser, file manager app, WPS office, Meetboard whiteboard app, etc.

CLOUD STORAGE ACCESSIBILITY

You can easily access, upload, and download folders and files with a finger of touch on Meetboard cloud storage via Google Drive and Microsoft OneDrive configuration.

SCREEN MIRRORING VIA AIRPLAY, MIRACAST, CHROMECAST AND MORE

Meetboard supports AirPlay, Miracast, Chromecast and also embeds ScreenShare Pro screen mirroring app. You can wirelessly present, share and control multi-media content from either iOS or Android devices on the screen.

AN ALL-IN-ONE VIDEO CONFERENCING SOLUTION

Meetboard IFP-7502 can be easily connected to an all-in-one webcam via a USB cable and is also compatible with preferable mainstream video conferencing apps, like Zoom, Google Meet, Teams, Webex, GoToMeeting, etc.

VERSATILE CONNECTIVITY

This 75-inch interactive flat panel display supports 802.11ac Wi-Fi, Bluetooth, HDMI, USB, VGA and RS232 for fast and seamless connections among the keyboards, webcams, and all the devices your team needs to get their ideas across.
