ROG Aura Monitor Light Bar ALB01

ROG Aura Monitor Light Bar ALB01— Asymmetrical lighting bar offers three different modes and features a patented clamp and magnetic buckle design, Aura Sync compatibility, plus DisplayWidget Center software

LIGHT UP YOUR GAMING WORLD

The ROG Aura Monitor Light Bar is designed to cast a soft glow on your desk to enhance the atmosphere of your gaming setup. Three lighting modes and multiple eye-care certifications ensure comfortable viewing — so it’s ideal for marathon gaming sessions.

THREE LIGHTING MODES

Three lighting modes offer the flexibility to adapt to different preferences and setups. Use the Screen Light mode to illuminate your desk; use the Aura RGB light mode to synchronize lighting with other ROG Aura-compatible accessories and give your gaming setup a unified look; or activate both modes for comprehensive all-round lighting.

ASYMMETRICAL LIGHT DESIGN

The unique asymmetrical light design of the ROG Aura Monitor Light Bar effectively illuminates your gaming setup while minimizing unwanted onscreen reflections. This transforms your gaming environment, creating an immersive ambience and allowing you to focus on the onscreen action.

UNIFORM LIGHTING

The ROG Aura Monitor Light Bar offers wide lighting coverage and provides up to a 60% improvement in uniform lighting compared to other light bars on the market.

ADJUSTABLE COLOR TEMPERATURE

Use the roller light switch on the ROG Aura Monitor Light Bar to seamlessly go from 2700K warm-light to up to 6500K cool-white lighting.

UNIVERSAL COMPATIBILITY

The ROG Aura Monitor Light Bar boasts a patented clamp and magnetic-buckle design that works with standard or curved monitors of various sizes.

PATENTED CLAMP

The clamp attaches easily to monitors of various thicknesses, and includes a convenient dial that allows for precise adjustments for a perfect fit.

MAGNETIC BUCKLE

The rotating magnetic buckle adapts to flat or various curved monitors.

DisplayWidget Center

Adjust settings directly on the light bar with physical buttons, or use the DisplayWidget Center software for convenient control.

WORLD-CLASS EYE CARE STANDARDS

The ROG Aura Monitor Light Bar meets numerous certification requirements including the IEC 62471 and IEC 62778 dual certifications for blue light hazards, as well as the IEEE 1789 standard for flicker-free LED light sources to ensure comfortable and safe lighting.
