Multitasking with optimal performance

The Lenovo ThinkCentre Neo 50a Gen 5 27″ is a slim, compact all-in-one PC designed for modern hybrid workspaces. Optimized for high-end task delivery and performance, this entry-level desktop minimizes ambient noise, boasting ultralow-noise operation. With the power of 13th Gen Intel® Core™ processing, this desktop packs a punch. Whether you're a home office hero or a hybrid worker, you'll power through your day like a pro. Amplify work efficiency with this energy-conscious PC that focuses on delivering a distraction-free and pleasant computing journey.

Big-screen clarity is a visual treat

This PC is all about giving you more — more detail with more style. The 27″ ThinkCentre Neo 50a Gen 5 all-in-one is packed with vivid and lifelike display features for those with a discerning taste. Its available with or without touch capabilities and offers a smooth performance and enhanced visual experience with high refresh rates. It comes with an almost borderless bezel and its sleek-slim design allows you to prioritize your working comfort with easy monitor tilting to align with your preferences.

Smoother, streamlined work experience

Add a modern touch to your workspace and embrace the future of device charging with the Neo 50a Gen 5 all-in-one PC. This innovative device boasts wireless charging capabilities, complemented by an optional charging stand. Its eloquent design accommodates a charger base* that frees up USB-C® ports and scarce power outlets. Plus, Lenovo Smart Storage allows you to enjoy features like quick share, auto backup, remote data access, and more. Its advanced WiFi 6 and Bluetooth® ensure seamless online interactions and wire-free device connections to keep you going.

*Wireless charging, charging stand, and charger stand base available on select models

Redefines virtual communication

Enjoy an enhanced visual experience with the ThinkCentre Neo 50a Gen 5 desktop. It includes a 5MP camera boosted with AI capabilities that facilitate high definition video conferences and online discussions. The Lenovo Smart Meeting software allows you to create temporary digital avatars as your virtual embodiments on the fly. Plus, AI noise suppression, face and group tracking, and directional voice capture guarantee optimal visual and audio presentation with rich soundscapes delivered by dual speakers powered by Dolby Audio™ and Harman®.

Transform everyday tasks

Experience improved task management and daily productivity with the ThinkCentre Neo 50a Gen 5 AIO desktop. Its built-in features such as Modern Standby, and optional Microsoft CoPilot, coupled with a comprehensive AI assistant, blend innovation with routine operations. Integrated with Office 365, CoPilot can automate recurring tasks, optimize data, and more in standard apps. What’s more, this PC enables display sharing, which fosters collaborative tasks — just connect your laptop via the HDMI-in port to relish the audio-visuals on the big AIO display.

Shielded environment for all your data needs

The ThinkCentre Neo 50a Gen 5 PC is always ready for action. It comes with optional ThinkShield security, a comprehensive suite of security solutions, that safeguards data, ensuring overall protection. The built-in Trusted Platform Module firmware (fTPM) encrypts critical information, deterring security breaches, while the e-shutter feature offers privacy on-demand — toggle off at your convenience. Plus, Lenovo Vantage vigilantly oversees your data and device health, alerting you to computing glitches, suspicious WiFi connections, data retrieval needs, and beyond.
