## R11,748

The ProLite T2438MSC-B2 is a responsive and reliable 24" Full HD touchscreen monitor designed for both demanding environments and everyday commercial use. The IPS panel delivers clear, vibrant images with wide viewing angles, ensuring excellent visibility at workstations, service counters or customer-facing installations. DeepContrast PCAP+ (Optical Bonding) 10-point touch technology provides smooth and accurate interaction for intuitive daily use. The edge-to-edge glass is scratch-resistant (7H) and features an anti-fingerprint coating, helping the screen stay clean and

professional-looking even with frequent touch. Protection against humidity and dripping water (IPX1) adds extra confidence in busy workplaces. A robust metal housing ensures long-term durability, while the adjustable angle stand and integrated cable management create a tidy, ergonomic setup. With built-in speakers and flexible connectivity including HDMI, DisplayPort and a USB 3.2 hub, this monitor adapts easily to different installations. Supporting landscape, portrait and face-up orientations, it is a versatile solution for retail, POS, interactive signage and professional workspaces in demanding environments.
