Next level speed with Wi-Fi 6 for all DSL connections

High-speed downloads and streaming fun – with the FRITZ!Box 7590 AX, your home network is ready for anything. Wi-Fi 6 ensures top Wi-Fi speeds. Supervectoring for DSL up to 300 Mbit/s leaves nothing to be desired. A wide range of features for your home network and a complete telephone system with a DECT base station round out the highlights.

Wi-Fi 6 – faster Wi-Fi for any situation

Wi-Fi 6 is the newest and fastest wireless standard, reaching speeds up to 40 percent higher than previous Wi-Fi generations. With the FRITZ!Box 7590 AX's high-speed Wi-Fi, browsing and streaming enters the fast lane. The highlight: Even with multiple devices active at the same time, the data rates remain high – for each individual device. In tense multiplayer battles, you'll benefit from lower latency with Wi-Fi 6. The icing on the cake is the new power-saving features, improving battery life

performance for your devices.

The FRITZ!Box 7590 AX also supports established standards such as Wi-Fi 5 and 4, for full compatibility with all devices.

Mesh Wi-Fi with FRITZ!

The FRITZ!Box 7590 AX supports Mesh Wi-Fi, meaning your videos, music and photos seamlessly reach every corner of your home, apartment or office. How does it work? The FRITZ! devices work together as part of a single network, communicating with each other and optimizing wireless devices and network usage.

With Mesh you enjoy high speeds while surfing, streaming or gaming. Breathtaking HD TV and your favorite music will now wait for you - and not the other way around.

Making phone calls fun

The FRITZ!Box 7590 AX includes a complete telephone system to which any phone can be connected: IP, ISDN or analog. You can register up to six cordless phones to the built-in DECT base station; with FRITZ!Fon you'll never want to hang up the phone! The answering machine and fax function including fax-to-mail offer additional convenience.

FRITZ!Apps for added convenience and Smart Home

Discover the convenience of Smart Home with FRITZ! – connect FRITZ! Smart Home and third-party devices with your FRITZ!Box 7590 AX using DECT ULE / HAN FUN technology:

With the FRITZ!Apps you can also use your smartphone to access FRITZ!Box convenience features, make phone calls in the home network and keep an eye on your Smart Home.

FRITZ!Box for safety's sake

The security concept covers all FRITZ!Box areas: secure browsing thanks to the built-in firewall, Wi-Fi protected with an individual network key upon delivery, and guest access that lets friends and family access the internet but not your home network. These and many other features make your

communication secure.

FRITZ!OS: The genius behind FRITZ!

FRITZ!OS is the smart operating system for all FRITZ! products. It combines ease-of-use with versatile features and comprehensive security. A clear user interface and wizards accompany you every step of the way. Regular updates keep your FRITZ!Box up to date – you can also turn on automatic updates.
