Acer Predator Cestus 335 Gaming Mouse

Model: GP.MCE11.01Q

Manufacturer: ACER

EAN: 4710886458180

Product Code: 1198532

R1,857

The perfect gaming mouse for practically every situation – both in and out of game. Imbued with the latest sensor technology, Hyper-fast scrolling and a treasure-trove of features to keep you ahead of the competition.

PINPOINT ACCURACY

With the PixArt 3370 sensor and its 2000Hz polling rate at the helm, every movement, shot, or heal, will be aimed with near-perfect precision. If you need faster turns, just cycle through the 5-level DPI (with colour coded DPI levels) and hit that 360 degree spin with ease.

INFINITE SCROLL

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Chances are that you like to move just as fast out of game – so brown the web, scroll through forums and just get through it all faster with the Hyper-fast scroll button.

AT YOUR FINGERTIPS

With ten buttons at your disposal, you have plenty of options to eliminate opponents as quickly without having to rely on keyboard hotkeys or shortcuts. You can also store up to 5 profiles on the mouse – so don’t worry about losing bindings when travel calls. Access QuarterMaster to make quick edits.
