Supported OS

- QTS versions 4.3.4.0483 build 20180213 or later
- Container Station versions 1.6.1588 or later
- Note: Container Station must be installed before running QVR Pro.
- Recommended Web Browsers: Google Chrome versions 52.0 or later, Mozilla Firefox versions 48.0 or later
- Supported Display Resolution: 1366 x 768

Note

- The maximum number of QVR Pro recording channels supported is 128. The actual performance limitation depends on your use case and your camera quality and settings.
- The license is issued to only one NAS and is non-transferable.
