Finding a simple cell phone for seniors without a contract isn't that easy these days, is it? Yes, it is! May we introduce the emporiaSIMPLICITYglam.4G. A perfect everyday companion that comes in a stylish design and has all the essential functions.

White, simple and high-quality - that's how the device looks from the outside. When opened, it shows off all its other advantages. This simple cell phone for seniors offers functions such as an alarm clock, vibration alarm, calendar, calculator or LED status lights for battery power, calls or SMS. The device is particularly popular with button lovers, because we have equipped it with extra-large buttons that are illuminated and raised and have an excellent pressure point. There are also speed dial buttons. Other highlights: an individually adjustable font size and a wide screen with easy-to-

read font. On the back you will also find our patented emergency call button. In an emergency, you can get help quickly and easily - that is always possible.

This simple cell phone for seniors comes with a practical charging cradle, headphones, a replaceable battery and the operating instructions. And if you tip over your teacup while handling the pretty device, that's no problem either. This simple cell phone for seniors without a contract is also IP54-certified, meaning it's dust and splash-proof. Older people also appreciate what the name "M4/T4" means. This abbreviation indicates that the phone is particularly suitable for hearing aid users.

So you can believe us when we tell you: This simple senior mobile phone without a contract will inspire you.
