R9,421

Practical and cost-effective 17” touchscreen monitor for commercial and industrial environments

The ProLite T1731SR-B2S is designed for workplaces where touch interaction needs to be simple, reliable and practical. Its 5-wire resistive touch technology responds to almost any suitable input method, including a finger, glove, stylus or pen-like tool. This makes it ideal for environments where users work quickly, wear gloves or need dependable touch operation without relying on bare fingers.

With its IP54-rated front surface, the display is protected against dust and splashing water from the front, making it a strong choice for retail counters, restaurants, workshops, warehouses and light industrial applications.

The monitor also offers flexible analogue and digital inputs with USB touch support for easy integration. An adjustable ergonomic stand and integrated cable management help create a clean, comfortable and professional workspace.
