Unleash Your Potential

The ThinkPad L16 laptop is designed with your productivity in mind — a considerably larger TrackPad means more efficient interactions across windows and files. Our redesigned ThinkPad keyboard includes tactile markers on the most common keys for improved discoverability, while an LED braille dome bump easily marks the charging port. The iconic red TrackPoint still navigates, but with a double tap, it opens the a customizable quick menu to optimize audio-video settings. For those who demand efficiency and precision, the L16 is the laptop for you.

Takes Efficiency to the Next Level

With tons of storage and memory and performance fueled by AMD Ryzen™ PRO 7030 Series processors, the ThinkPad L16 laptop enables lightning-fast file and app loading times. Plus, the system seamlessly balances power and efficiency. We've redesigned the air intake and exhaust system to vent to the rear, so optimized thermals keep your device running cool, even during peak usage. Plus it's whisper quiet. Multitask through your day and know that this powerful device will more than keep up while you execute all your big ideas!

Ramps up Digital Collaboration

A Communications Bar, positioned at the top of the display for easy laptop opening, houses everything you need to elevate your conference calls. Choose between two cameras — 5MP sRGB and an infrared sensor, which adds the convenience of zero-touch login — or stick with the HD camera that's decent in its own right. Two 360-degree mics with noise cancellation, combined with Dolby Voice® deliver a superb audio experience through the user-facing Dolby Audio™ speakers. Plus Lenovo View preloaded software provides camera enhancements and positions you for maximum impact with auto-framing.

Supports the Circular Economy

With a vast array of customer replaceable units (CRUs), it's easy to swap out components on the ThinkPad L16 laptop. Whether it's a new battery, more memory, or another component, you can

upgrade or extend the lifecycle of your device with a simple repair. Trust our support services to keep your system — and by default, your business — up and running.

Secure as a Digital Fortress

Biometrics provide extra protection on the ThinkPad L16 laptop, from the fingerprint reader paired with the power button to facial recognition software with the optional infrared camera. ThinkShield, our comprehensive suite of security solutions, boasts discrete Trusted Platform Module (dTPM) to safeguard critical data with encryption. A self-healing BIOS reverts to an earlier version, should the system become corrupted. And AMD PRO security validates code to ensure data and app integrity. When it comes to protecting your assets, we’ve got you covered!

Changing the World One Laptop at a Time

At Lenovo, we’re committed to making a positive impact on our environment. The ThinkPad L16 laptop uses post-consumer content (PCC) recycled plastic throughout. The speaker enclosure, battery casing, and AC adapter are all comprised of 90% PCC, while the keyboard frame uses 60% PCC. Keycaps use 70-85% PCC depending upon backlighting. What’s more, our packaging is Forest Stewardship Council® (FSC)-certified and is 100% recycled and plastic-free.

Specifications may vary depending upon region / model.
