For those who love to tackle multiple projects at once, Galaxy Z Fold8 Ultra's expansive main screen offers a side-by-side view of apps so you can stay focused on your workload. Giving you the space to do more in one place, the automatic split view allows you to take a deep dive without losing focus. If it's a report you're reading in full-screen mode, you can create your own split view by simply dragging the window to the side to start making notes without having to switch between windows mid-flow.

Ultra speed, powered by Snapdragon—customised for Galaxy

When you're facing a deadline, the last thing you want is an interruption in your workflow. Galaxy Z Fold8 Ultra is powered by Snapdragon® 8 Elite Gen 5 for Galaxy — bringing together a next-generation CPU, GPU and NPU to stay effortlessly ahead of your workflow. This custom-built platform drives elite performance, delivering ultra-smooth graphics and faster on device AI for advanced problem-solving.

Ultra battery. Max the power

Galaxy Z Fold8 Ultra's 5000 mAh battery has been engineered into a slim and light Fold for more power without compromising size. Enjoy up to 27 hours of video content before a quick refuel session with super-fast charging.

Bigger, brighter, better

Galaxy Z Fold8 Ultra offers a 15% brighter display than Galaxy Z Fold7 with a peak brightness of 3000 nits. Plus, anti-reflection on the main screen provides less glare so you can enjoy better clarity whether you're in the office, out in the field or on a business trip.

Evolution in resolution

The 200 MP Wide camera and upgraded 50 MP Ultra Wide camera allow you to take even the most scenic shots in high-resolution detail. Plus, wider apertures on the Ultra Wide sensor provide 34% improved brightness compared with Galaxy Z Fold7.
