

Seagate Constellation CS 3TB SATA 6Gb/s internal hard drive 7200 RPM 64 MB 3.5" Serial ATA III

Model: ST3000NC002

Manufacturer: SEAGATE

Product Code: 12020

R1,769 ~~R2,415~~

Affordable, high-capacity, energy-efficient enterprise HDD.

Low-cost bulk storage designed for vast amounts of unstructured data in the cloud.

- Affordable storage for 24x7 cloud data center replicated environments
- Maximizes storage footprint with capacities up to 3TB for 114TB per square foot
- Energy-efficient at under 8 watts (random read operating power) which averages 29% less than competing hard drives
- Reliable enterprise rotational vibration tolerance and bad block management
- Seagate Instant Secure Erase for secure, easy and cost-effective drive disposal or repurposing

Affordable high-capacity storage for the cloud.

Seagate® Constellation® CS is the industry's first capacity-optimized hard drive that's perfect for cloud bulk storage.

Priced to fit your growing need for vast amounts of unstructured data storage with its 1, 2 and 3TB models, it's the lowest \$/GB enterprise-class hard drive on the market.

capacity optimized hdd overview 2 save energy

Energy-efficient, enterprise-class cloud storage.

With the Constellation CS and its low-power envelope, you can rest easier knowing your hard drives are running cool. Plus, with Seagate® PowerChoice™ technology, you can save even more.

Maximize ROI with Seagate Instant Secure Erase.

The Constellation CS with a Self-Encrypting Drive (SED) option and Seagate Instant Secure Erase reduces IT hard drive retirement costs. As required—and with a single keystroke—you can quickly and easily render the data on the drive completely unreadable and secure.
