R3,951

The ViewSonic VA2718-sh is a 27” Full HD IPS monitor with HDMI and VGA input for business or home usage. With SuperClear® IPS technology and Full HD resolution, images are clear and detailed from a wide range of viewing angles. This monitor provides six ViewMode presets that deliver optimized screen performance in different applications. Even if used for gaming, users can move without screen tearing. Eye-Care technology and energy-saving Eco mode help to eliminate eyestrain from extended viewing periods. With VESA-compatible mount support, this monitor is easy to setup in any environment.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

75Hz Refresh Rate

With 75Hz refresh rate, this monitor delivers great visual fluidity and flawless graphics no matter how quickly the in-game action unfolds.

SuperClear® IPS Technology for Rich Colors at Wide Angles

With SuperClear® IPS technology, this monitor delivers the same image quality whether you are looking at the screen from above, below, the front, or the side.

Comfortable Viewing

Flicker-Free technology and a Blue Light Filter help to eliminate eyestrain from extended viewing periods.

Low Energy Consumption

The energy-saving Eco-mode takes energy efficiency into consideration while also offering stunning screen performance.

Color Rendering Options

ViewSonic’s unique ViewMode feature offers “Game”, “Movie”, “Web”, “Text”, and “Mono” presets. These presets enhance gamma curve, color temperature, contrast, and brightness to deliver an optimized viewing experience for different screen applications.

No Screen Tearing & Less Stuttering for Moving Objects

To meet a variety of frame rates from videos or games, the Adaptive Sync provides a wide variable refresh rate of 48 to 75 Hertz support to avoid screen tearing.
