

TOSHIBA MG Series HDD 18TB SATA 3.5inch 6Gbit/s 7200rpm 512MB 512E

Model: MG11ACA18TE

Manufacturer: TOSHIBA EUROPE

EAN: 4260557513422

Product Code: 1207249

R18,479

The Toshiba MG11 Series internal hard drive offers performance and reliability tailored for enterprise use. With a capacity of 18 TB, this hard drive is ideal for demanding storage needs. It features a 3.5" form factor and utilizes a Serial ATA-600 interface to facilitate data transfer rates of up to 600 MBps, ensuring quick access to your data. Designed for 24x7 continuous operation, the drive supports workloads of up to 550 TB per year, making it a solution for high-usage environments.

Engineered with technologies such as Flux Control Microwave Assisted Magnetic Recording (FC-MAMR) and helium-sealed drive design, this hard drive maximizes storage density while minimizing energy consumption. With a spindle speed of 7200 rpm and a buffer size of 1024 MB, it enables efficient data processing and management. Additionally, with an MTBF of 2,500,000 hours, the Toshiba MG11 Series hard drive ensures long-lasting durability and reliability.
