Get the in-studio audio experience wherever you listen

Enjoy undistorted, studio-quality audio. The Samsung Type-C Earphones are constructed to truly separate left and right signals up to 10 times better than 3.5mm headphones. The built-in DAC also enhances the quality of what you listen to, so your playlist comes to life as the artist intended.

Balanced sound that's music to your ears

Made with 2-way speakers, the Samsung Type-C Earphones offer rich audio that comes through clear and balanced. The technology is tuned by AKG, so you get pro-grade sound quality.

Designed for easy, comfortable listening

Crafted with lightweight materials, each earbud is designed to sit comfortably in your ears so you can tune out the world with your music — just choose from the included ear tip options to get the right fit. The fabric cable also prevents the earphones from getting tangled up in your bag or pocket.
