logo and addressable RGB radiator fans allows you to coordinate lighting effects with ROG build components — and show off your personal style. Also, engraved ROG lettering on the radiator’s side complements the iridescent lettering on the hubs of each fan.

Optimized Fan Design

The ROG radiator fans are specifically tuned to deliver optimum performance on ROG Strix LC series radiators. The fans generate 102.3 cfm / 3.1 mmH2O for exceptional cooling efficiency.

Enhanced Pump Design

ROG Strix LC series is equipped with the latest cooling-plate design, which features micro-channels that provide greater surface area for thermal dissipation of CPU heat. This innovative feature reduces thermal resistance, delivering more efficient performance and cooler temperatures.

Precise 4-pin PWM Pump Control

With 4-pin PWM control for both the pump and radiator fans, ROG Strix LC series delivers precise speed control for the optimal balance of performance and acoustics in every scenario.

COMPREHENSIVE COMPATIBILITY

ROG Strix LC series is compatible with a wide range of Intel® and AMD motherboard platforms, giving you the flexibility to pair it with your choice of processor. It also comes fitted with 38 cm tubing to make mounting and routing easier.
