

ASUS ProArt LC 360 Processor Liquid cooling kit 12 cm Black

Model: 90RC0120-M0UAY0

Manufacturer: ASUS

EAN: 4711387583616

Product Code: 1207790

R5,954

Quiet. Cool. Refined.

Experience exceptional cooling performance and quiet operation. Powered by a robust three-phase motor and Alphacool Apex Stealth Metal Power fans, the ProArt LC 360 expertly integrates premium tech into an elegantly understated design. An illuminated meter on the pump cover also provides live system stats in the signature minimalist ProArt manner for real-time information at a glance. And its subtle and graceful aesthetics add a touch of refinement to your setup. Cool, quiet and classy—the perfect trifecta for any and all content creators.

Illuminated Meter

An innovative illuminated meter to display real-time PC build information, such as system load, temperatures, and fan speeds, allowing for a quick glance to understand the system's status.

Alphacool Apex Stealth Metal Power Fan

To overcome the thermal challenges of the latest multi-core CPUs, the ProArt LC 360 offers Alphacool Apex Stealth Metal 120 mm radiator fans that deliver high performance and minimized noise.

The Evolution of Cool

Performance 3-Phase Motor Pump

High-performance three-phase motor offers excellent cooling capability and quieter operation.

450 mm Durable Tubing

This tubing features a braided mesh sleeve for durability, and 450 mm of length for additional flexibility and chassis compatibility.

Stylish Radiator

The understated and refined radiator styling enhances the aesthetic of your entire build.

Extensive Compatibility

The ProArt LC 360 features 450 mm of tubing and is compatible with a wide range of Intel® and AMD motherboard platforms, giving you ample processor and build flexibility.
