

Conceptronic BIAN09G 3-in-1 Card Reader USB 3.2 Gen 2, CFast 2.0, SD TF/MicroSD 4.0, UHS-II

Model: BIAN09G

Manufacturer: CONCEPTRONIC

EAN: 4015867239490

Product Code: 1208228

R1,416

This 3-in-1 Card Reader features a USB-C interface, providing seamless high-speed data transfer to any USB-C-compatible computer or device. With support for multiple card formats, including CFast 2.0, SD 4.0, and TF/MicroSD 4.0, it enables versatile and efficient handling of various media. Capable of transfer speeds up to 10Gbps, this reader ensures fast and reliable access to large files. An LED indicator provides a visual cue during data read and write operations.

Designed for photographers, videographers, and content creators, this card reader offers a convenient, all-in-one solution for managing media files quickly and efficiently.
