ROG Ryuo IV SLC 360 ARGB White Edition

ROG Ryuo IV SLC 360 ARGB White Edition features a 6.67-inch AMOLED display, enabling intuitive control through dedicated software to smoothly display 3D videos, customized content, or hardware information. The innovative curved-screen design breaks the boundaries between the virtual and the real. The shorter 200mm tubing and a sliding LCD panel also reduce component obstruction, maximizing the visual experience. The powerful pump and ROG ARGB fans provide stable cooling performance for CPUs, including the AMD Ryzen™ 9000 series and Intel® Core™ Ultra processors.
