Game & stream fast. Intel® Core™ Ultra (Series 2) processors and built-in Intel® Graphics are designed to give you the performance you need. The most popular games are designed to work seamlessly with Intel® Core™ Ultra processors. Play your favorite titles with confidence.

NVIDIA® GEFORCE RTX™

Beyond Fast

NVIDIA® GeForce RTX® 50 Series GPUs are beyond fast for gamers and creators. They're powered by the ultra-efficient NVIDIA Ada Lovelace architecture which delivers a quantum leap in performance and AI-powered graphics. Experience lifelike virtual worlds with ray tracing and ultra-high FPS gaming with the lowest latency.

Enjoy 3 months of Xbox Game Pass on Lenovo Legion devices

Play hundreds of PC games, and day-one blockbusters like Halo Infinite and Overwatch 2, with your new Lenovo Legion or LOQ devices and 3 months of PC Game Pass -including EA play. With new games added all the time, there's always something new to play.

*PC Game Pass: Subscription continues automatically at regular monthly price unless cancelled. Subject to xbox.com/subscriptionterms

Beyond Extreme Performance, Cooled In Silence

Achieve extreme performance with Legion Coldfront: Liquid cooling, keeping your system whisper-quiet during intense esports matches. Choose between liquid or air cooling to maintain peak performance, while an enhanced VRM heatsink prevents throttling. Push your CPU to the limit with higher Vcore for stable overclocking, ensuring faster frame rates and ultimate responsiveness.

Unleash Power & Style with Seamless Upgrades, Ultimate Customization

The Legion Tower 7i features a tool-free, transparent side panel for easy upgrades, ensuring peak performance without downtime. Its storm-grey chassis and 3D mesh bezel deliver superior airflow and sleek design, while RGB lighting and ARGB fans add dynamic customization with Legion

Spectrum for next-level aesthetics.

FUTURE-PROOF PERFORMANCE

Memory That Keeps You Ahead

The Legion Tower 7i is built to deliver the speed and responsiveness that competitive gamers demand. With up to 192GB of 5600MHz memory, enjoy lightning-fast load times and ultra-smooth gameplay, giving you the critical milliseconds needed to outperform opponents in fast-paced esports matches.

Get Through Lobbies Faster & Into The Action First

The Legion Tower 7i delivers lightning-fast boot times and near-instant game loads with PCIe Gen 5 SSDs. Store over 1,000 AAA titles with up to 16TB of total SSD capacity, combining Gen 4 and Gen 5 speeds. Easily upgrade with additional 3.5" bays for future-proof flexibility.

ULTRA-FAST CONNECTIVITY

Blaze Through Every Match

Unleash your gaming potential with the Legion Tower 7i Gen 10. Experience over double the speed of standard Ethernet with 2.5G, ensuring smooth, low-latency gameplay. Connect high-speed peripherals via a 10Gbps USB-C port for lightning-fast data transfers. With cutting-edge Wi-Fi 7, enjoy ultra-fast wireless speeds for gaming and streaming, keeping you ahead in every match.

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
