- Scalable AI workloads designed to support an additional 16 AI streams while simultaneously and flawlessly recording footage up to 64 HD cameras<sup>1</sup>
- ImagePerfect AI provides image integrity with no dropped frames or AI data from loss
- Built-in RV sensors to support multi-bay configurations of 16+ bays
- High reliability with 550TB/yr workload rate
- 2 years of Seagate Rescue Data Recovery Services activated with every SkyHawk AI

## Smart Surveillance

SkyHawk's innovative ImagePerfect and ImagePerfect AI firmware enables smooth, clear video streaming for always-on, 24×7 surveillance environments—helping to ensure your business has a formidable layer of protection. Plus ImagePerfect AI minimises AI data integrity loss for even better performance.

## SkyHawk AI comes with 2-year Rescue Data Recovery Plan

Your data is incredibly important. Give yourself the ultimate peace of mind with Rescue Data Recovery Plans. Whether there is a hard drive mechanical issue, natural disaster, data corruption or virus, Seagate has you covered. Seagate provides industry leading data recovery and it's all done in-house at one of Seagate's secure design labs.

## Keep Your Drive Healthy

SkyHawk Health Management (SHM) is first-to-market with in-depth analysis that helps to prevent data loss. SHM analyzes and provides detailed information on how to improve storage performance. SHM is built into Hikvision NVR 4.0 OS systems.
