Resilient and Pioneering Spirit of Your Business

Your business should be empowered to stop at nothing while navigating your journey with the MSI Business & Productivity Series products.

Productivity Drives Business

The Cubi Z is an ideal solution for tight spaces, efficiently handling tasks from basic computing to multimedia streaming.

Maximize Space with the Versatile Cubi Z

The Cubi Z is perfect for spaces with limited room, featuring a 0.9-liter chassis. It can be mounted behind a monitor, on a wall, or in digital signage, freeing up desk space and creating a tidier workspace.

Tailored for Professional Users

Equipped with up to AMD Ryzen™ 9 Processor, it delivers faster and more reliable performance, enabling users to multitask various applications effortlessly.

WiFi 6E Technology

Wi-Fi 6E emphasizes transmission security and improves signal strength, enabling simultaneous connections to more devices.

DDR5 Dual-Channel Memory

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

DDR5 memory with dual-channel can enhance work efficiency and quality, processing large amounts of data and complex multitasking quickly.

USB4:

A Single Cable to Serve All

USB4 supports power delivery input of up to 100W, making it an excellent choice for both powering and displaying through a single port.

Quadruple Display Support

Supporting up to 4 displays with HDMI™-out and USB4 allows for increased productivity by providing more screen space to manage multiple applications simultaneously.

Reliability That Aligns with Business Needs

Reliability and quality are our top priority, and we focus on delivering a hassle-free, high-quality product.

Secure Inside and Out

Cubi Z offers dual 2.5G LAN for network redundancy, dTPM 2.0 for data encryption, and supports a Kensington lock for enhanced physical security, protecting your system both online and offline.

Dual 2.5G LAN

Experience the advantages of dual 2.5G LAN, which enhances troubleshooting, redundancy, network segmentation, security, and load balancing.

Kensington Lock

By physically tethering the Cubi Z to a secure object, the Kensington lock is particularly useful in safeguarding the device and the valuable data in it.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

dTPM 2.0

dTPM 2.0* provides hardware-based security. It encrypts sensitive data and passwords for better protection.

Built for Sustainability

The Cubi Z Series blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. By utilizing green material, PCR (Post-Consumer Recycled) plastic, ensures not only the products' durability but also commits to a greener world.

Our commitment extends to incorporating sustainable materials in both our product design and packaging. The Cubi Z Series embodies sustainable value and heightened productivity.

Post-consumer Recycled

(PCR) Plastic

The Cubi Z mini PC contains 53.29% PCR plastic, reducing plastic waste sent to landfills and contributing to environmental conservation.

Sustainably Sourced Wood Pulp with FSC Certification

FSC-certified cartons are made from sustainably sourced wood pulp, ensuring responsible forest management. This certification guarantees that the materials are renewable and low-carbon, promoting environmental sustainability.

By using FSC-certified cartons, MSI supports sustainable practices and contributes to the preservation of forests for future generations

Renewable Energy

Since 2021, MSI has installed solar power systems in its facilities and gradually increased the proportion of purchased renewable energy.

By 2024, it has achieved a carbon reduction of over 70%, with more than 99% of the electricity used in its factories coming from renewable sources.

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

This demonstrates MSI's commitment to achieving net-zero sustainability by 2050.

Operability That Delivers

Streamlining operations to maximize productivity and reduce waste.

Convenience Meets Productivity

The convenient design of Cubi Z improves productivity by enhancing the work environment and eliminating the need for external peripherals.

VESA Mountable

With VESA mountable design, it can be mounted behind a monitor, on a wall, or in digital signage, freeing up desk space.

External Power Switch

If the computer is in a hard-to-reach spot, using the optional external power switch* is easier than bending down to turn it on.

Built-in Speaker

Eliminate external speakers for notifications and calls to save space and reduce clutter.

MSI Center

The MSI Center allows for easy optimization and resource allocation to enhance software performance.

MSI Support & Services

Comprehensive care solutions delivering trusted protection, expert support, and worldwide service access to ensure your MSI devices operate smoothly.
