FSP AD36-B Processor Cooler Liquid Black ARGB

Model: POO0000041

Manufacturer: FSP

EAN: 4711140481012

Product Code: 1210222

R2,172

Digital Water Temperature Display

Stay in control with our precision digital display. Instantly view your liquid cooler temperature for optimal performance. AD36 is designed for enthusiasts who demand accuracy and reliability in every degree.

Exceptional Cooling, Perfect for Glass Cases

Engineered for maximum heat dissipation, our liquid cooler thrives in glass chassis setups. Its sleek design and powerful thermal performance ensure your system stays cool, even under the most demanding loads.

ARGB Lighting with Infinity Mirror Fan

Illuminate your rig with vibrant ARGB effects and a mesmerizing infinity mirror fan. Built with advanced acoustic engineering, it delivers whisper-quiet operation without compromising airflow or style.

Effortless Thermal Monitoring with Glass Cases

Pairing AD36 with a glass case isn't just about aesthetics, it's about performance insight. Transparent panels allow users to instantly view integrated temperature displays, making thermal data easy to read at a glance.

Universal Compatibility & Hassle-Free Installation

Supports Intel and AMD platforms with a quick-mount design. Whether you're building or upgrading, AD36 AIO liquid cooler offers a simplified setup process, no guesswork, just plug, mount, and cool.
