Portable Security Cable | Steel Cable | Push-to-Lock Button

Finding the right laptop lock to help protect against theft has never been easier. This universal 3-in-1 keyed laptop cable lock works with the most common security lock slots. The interchangeable lock heads are compatible with three different laptop lock slots: Kensington® K-Slot, Kensington® Nano, and Noble® Wedgelock®. It's an ideal way to secure your laptop, such as HP Notebook PC or Dell XPS, or other devices such as monitors, docking stations, projectors, and drive enclosures.

The keyed design means you don't have to remember a combination, making enhanced security easy at the office or on the go.

Convenient Push-to-Lock Function

Save time every day with the push-to-lock button. Just one press and the lock is set, without using the key. Plus, for convenient operation, the cable joint swivels 360 degrees.

No Combination Required

Easily lock and unlock the laptop cable lock with the master keys provided. Two identical keys are provided, to ensure you always have a spare.

Maximize Security

Ensure that your laptop, tablet, dock or other device is anchored safely to your workspace. This keyed cable lock features a durable zinc-alloy lock head, to provide dependable theft protection in a wide range of retail, commercial, and institutional environments.

The laptop lock can be used with StarTech.com deskmount anchors LTANCHOR and LTANCHORL to secure your equipment to any surface.

Versatile Use
