PanzerGlass ® Anti-reflective Armor Screen Protector iPhone 2026 Pro Max w. FASTFIT IN-A-BOX

Model: PG44619

Manufacturer: PANZERGLASS

EAN: 5715685043581

Product Code: 1210727

R1,168

When it comes to your phone, you want protection and optimal screen visibility. The Anti-Reflective Armor Screen Protector from PanzerGlass® delivers both. Made with 60% recycled glass protecting your screen from everyday accidents.

The new anti-reflective treatment significantly decreases reflection and increases the light transmitted. That means you can view your screen in full sunlight with barely a hint of reflection.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The effect is obtained by means of a multilayer coating with different refractive indexes and a special surface structure that mimics the structure of a moth’s eye. The texture provides a soft look, anti-glare properties and very low friction. With light transmission of more than 94% and reflectivity below 0.3%.

FLAWLESS INSTALLATION EVERY TIME. Installation has never been easier with the new **FASTFIT IN-A-BOX system**. Say goodbye to alignment issues and dust intrusion. Simply place your phone face-up, pull the tab, and enjoy a flawless installation every time.

The screen protector is Ultra-Wide Fit, meaning it covers the front surface of your phone to provide superb screen protection and a complete screen view, while still leaving a little room around the edges for a PanzerGlass® case. If you want extra phone protection, combine the screen protector and case with a PanzerGlass® PicturePerfect or Hoops® camera lens protector.
